POLICY STATEMENT

Kentucky Learning Goals are:

1. Students are able to use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives.
2. Students shall develop their abilities to apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, practical living studies, and vocational studies to what they will encounter throughout their lives.
3. Students shall develop their abilities to become self-sufficient individuals.*
4. Students shall develop their abilities to become responsible members of a family, work group, or community, including demonstrating effectiveness in community service.*

**Goals 3 and 4 are included in Kentucky statute as learning goals, but they are not included in the state's academic assessment program.*

5. Students shall develop their abilities to think and solve problems in school situations and in a variety of situations they will encounter in life.
6. Students shall develop their abilities to connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various media sources.

In order to meet Kentucky's learning goals and enhance student achievement, Sixth District Elementary School will complete an annual analysis of the state assessment results. This analysis shall examine the student performance levels by all students and these subgroups: gender, ethnicity, special needs and, if applicable, limited English proficiency. The school improvement plan will be modified to implement instructional strategies and programs that address any weaknesses or achievement gaps identified through the data analysis process. The Council is responsible for approving the school improvement plan and for monitoring its implementation.

This school council policy shall also be consistent with the applicable indicators from the Standards and Indicators for School Improvement.

Signature of SBDM Council Chairperson: _____
